DR. RANKIN'S SERMON.

Dr. Geo. C. Rankin preached a wonderful sermon at the Mtehodist church Sunday night, comparing what St. Paul terms our "light afflictions" to sacrafice and suff the incomparable ing of Christ. Dr. Rankin richly clothed the discourse with the power of his eloquence and held the undivid-ed attention of the congregation for more than an hour. He reviewed our so-called afflictions, many of which he declared to be born of our selfishness, and showed that they may often be brushed aside in the self-forgetfulness of serving others. He also showed the "far more exceeding and eternal weight of glory they will work out for us." The seen and unseen sufferings of Christ were graphically pictured.

weather, all the services at the Bap-tist church Sunday were well attended. The Sunday school evangelistic serrice resulted in about forty young people making public confession of their faith. At the 11 o'clock service the nouse was full, and after a powerful sermon by Evangelist Compton two persons were received into the church.

The afternoon service for men only was attended by 125 men and boys, all of whom listened with intense interest to a sermon on the granduer of christian character and the consequences of the personal influence of individual christians. After the close of the service two men declared their allegience to Jesus and at least a dozen asked for prayers.
